

ArcGIS Enterprise Sites

- Sulev Jürna

Modernne veebi vaade oma GIS andmetele

Anna igale lehele erinav sisu, kujundus ja bränding

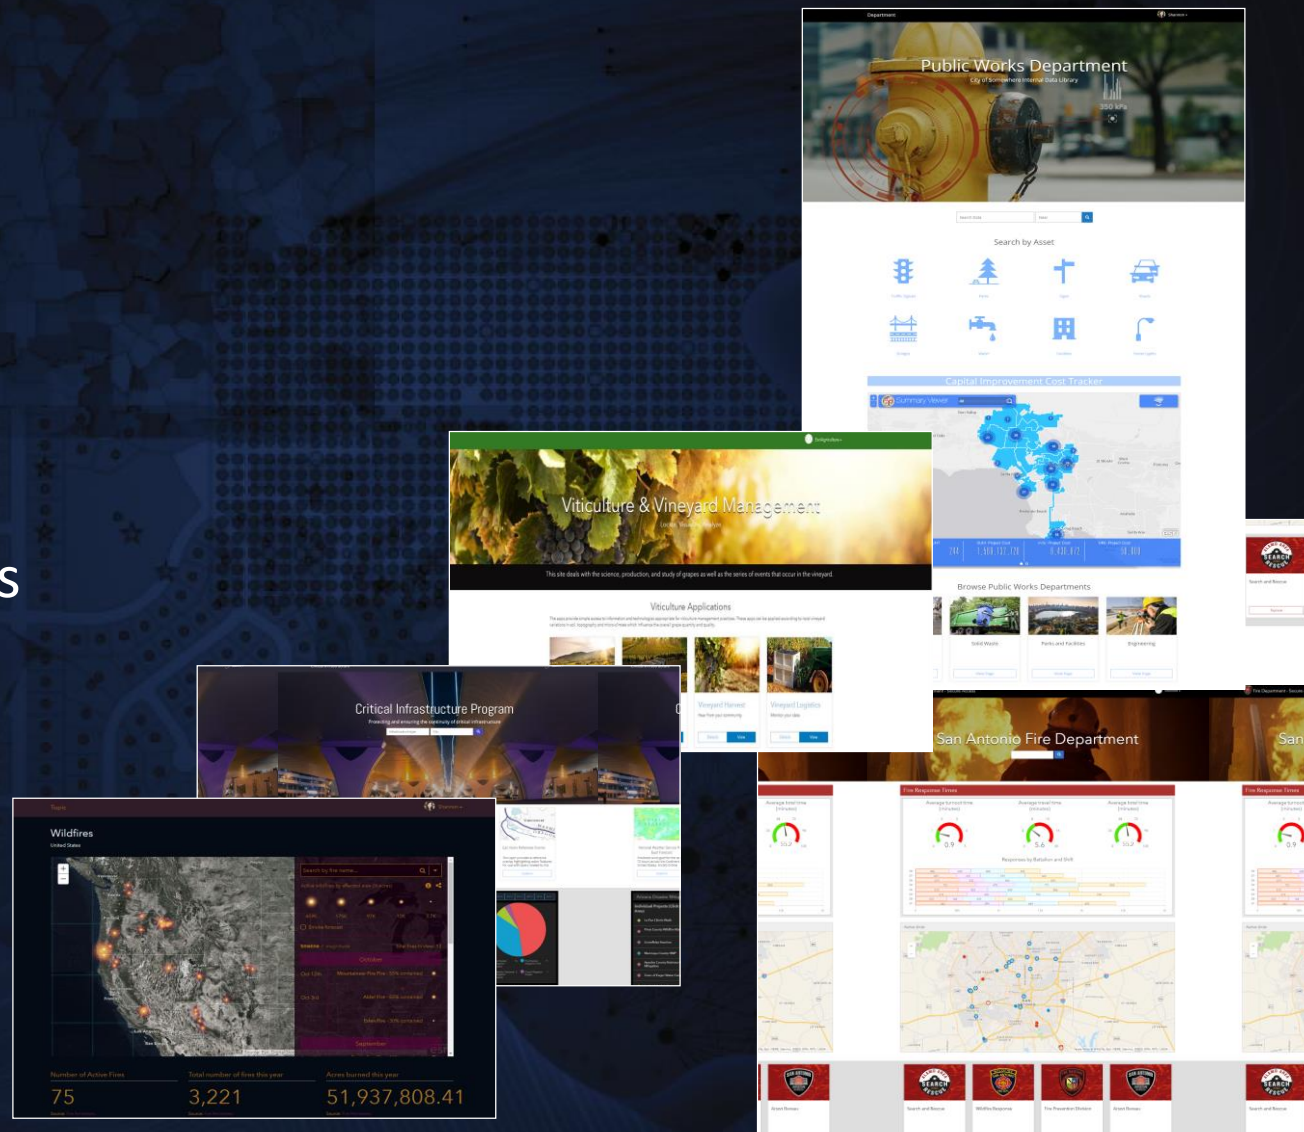

Alusta kujundamist drag n drop tööriistadega

Sujuvalt liikuda veebist mobiilile

Uus versioonis 10.7:

- Rich text muutmine
- Kohene piltide üleslaadimine
- Vali pildi keskpunkt
- Lihtne UI moodulite lisamiseks

Demo

The collage displays several ArcGIS Enterprise web applications:

- Public Works Department:** A dashboard for the City of Knoxville, featuring a search bar, a 'Search by Asset' section with icons for various infrastructure types, and a 'Capital Improvement Cost Tracker' map.
- Viticulture & Vineyard Management:** A dashboard for vineyard management, including a header with a vineyard image, a description, and a section for 'Viticulture Applications' with various icons.
- Critical Infrastructure Program:** A dashboard for critical infrastructure, featuring a header with a cityscape image and a search bar.
- Wildfires:** A dashboard for wildfire tracking, showing a map of the United States with wildfire locations, a search bar, and a table of wildfire statistics.
- San Antonio Fire Department:** A dashboard for fire department operations, featuring a header with a fire department image, a search bar, and several charts and maps.

| Number of Active Fires | Total number of fires this year | Acres burned this year |
|------------------------|---------------------------------|------------------------|
| 75 | 3,221 | 51,937,808.41 |

ESRI PÄEVAD 2019

Tänan!
